

Dear FCC Committee members,

What is going on? You are making one of the worst decisions possible by allowing companies to merge into even bigger empires in the media. Please keep a 'cap' on this.

Having more than one voice is what America is all about. Making it easy for one company to own so many media enterprises is nothing more than making sure one voice and one voice only is heard.

There is a strange phenomena going on in America....it is reversing it's Constitution in so many ways. How can you be so blatantly foolish?

Americans need the strength of many voices based on our Constitutional rights. It worked for many years. Why are you trying to silence us? How are independent newspapers and radio and tv stations going to survive? These people deserve an atmosphere of acceptability, and deserve recognition and protection of their voice in America.

My father onced owned a newspaper and with it he made inroads to free speech and freedom of the press by reporting the unbiased news. He also had a voice in the editor's opinion. In it he tried to make people question themselves and ask themselves, whether that what they do is for the good or not....

I am telling you, that what you are doing is wrong and it is definitely not for the good. Your reasoning will not make it right. Wrong is wrong even if everyone is doing it and right is still right even if no one is doing it. A good man said that some time on his way to Sainthood...Augustine.

You will be held accountable for everything you do and as a very important issue arises, one which will affect every citizen in this country, please, I urge you to examine your consciences, read the Constitution aloud to one another...and reexamine your decisions and ask yourself if you are contributing to our freedoms or are you allowing a few to control information.

Remember, a greater thing is at stake here. The Constitution and the rights therein will be at stake here. Please do not do this. In this case, by deregulating, you have regulated more than you may know==or do you.

Respectfully, mira arehart
